## Words from the President,

*What one sincerely hopes and dreams about does come true, provided it is backed and activated by endeavours. Yes, we hope to see SIP as an unparalleled Institution of Engineering, Santiniketan D.Ed. College, Santiniketan B.Ed. College and Santiniketan Private ITI as ideal spot for real education. Now we see our endeavours expanding like the petals of young flowers, to quote Henry Louis Vivian Derozio.*

*Today's scholars of multi-disciplined courses are to embark on novel enterprises since the global scenario unfolds rhythmically. Of course, they are qualified people to contribute to the society of tomorrow. Apart from jobs in varied sectors, self-employment is sure to come their way. Added to this is the fact that our endeavours set and committed to provide sophisticated infrastructure and resources to its scholars in tune with the evolving trends and trades related to concerned sectors. Quite confidently, the trainees, students here get duly familiar with the chequered career of Certificate holders. It is worth mentioning that our vision to develop a congenial environment near Bolpur, Santiniketan is being steadily rendered into reality. That our Institution grows up day by day with vision, vigour and virtuosity becomes quite evident everywhere as soon as one steps inside the campuses. Our trainees, students and staffs realize fairly well how we materialize meticulously what we visualize for a better and truly brighter tomorrow. We keep in mind what Bill Gates says, "If you can't make it good, at least make it look good". Almost daily SWADHIN takes a new step towards improvement, be it academic, infrastructural or environmental. It is a delightful point to note that we in the management ('SWADHIN', a Duly Registered Trust for Charitable Purpose) deem it a great achievement on our end if the hopeless youths of rural Bengal with quality achievement from*
